Good Morning,

I have been doing some research on recently bid projects in the area to get a better idea of PVC pipe pricing for water projects. I found quite a few projects on your website, but no information about material of main and pricing. Is there any way you could provide me some info on your recently bid water projects that utilized PVC piping? Just a unit cost from bids would be helpful! I am hoping to wrap this up by today if possible.

Thanks,

Chelsea M. Brouty, PE
Water/Wastewater Engineer
