Foil Request

Dear Terrence D. McCracken:

Jamal and I have lived at 11 Kent Drive since 1987. You wrote to our neighbor Ms Ellen Geitter who resides at 13 Kent drive that there have been 9 waterline breaks on Kent Drive in the past 25 years. 10/09/2024, 06/28/2024, 12/22/21, 11/06/2021, 04/19/2016, 09/26/2015, 04/20/2002, 04/06/2002.

I know that you do the maintenance on the line and necessary work to restore property due to waterline breaks. It is my understanding that the Town of Orchard Park reimburses Erie County water Authority for repairing the waterline breaks as well as the repair of damages to properties. We are writing to put in a FOIL request for how much Orchard Park has reimbursed the Erie County Water Authority over the past 25 years for water main breaks on Kent drive as well as repairing driveway aprons and cleaning up the large size gravel,grading properties and repairing lawn damage.

Very truly yours,

Brenda and Jamal Kousheshi
