

ERIE COUNTY WATER AUTHORITY INTEROFFICE MEMORANDUM

TO: Jerome D. Schad, Chair
Peggy A. LaGree, Vice Chair
Michele M. Iannello, Treasurer

FROM: Terrence D. McCracken, Secretary to the Authority

DATE: May 13, 2024

SUBJECT: Support of Water Systems PFAS Liability Protection Act

At the last Board meeting, Sabrina Figler reported on her recent participation in AWWA's Fly-In annual event in Washington, D.C. Ms. Figler noted the purpose of the Fly-In is to advance AWWA's priorities on Capitol Hill by utilizing its vast membership and the influence each member has with their own congressional representatives. One of AWWA's four legislative priorities is to support the passage of S. 1430, the Water Systems PFAS Liability Protection Act, which provides statutory protections from PFAS liability under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA") for water systems.

As you are aware, CERCLA was created on a "polluter pays" principle, aiming to hold companies that produced and profited from hazardous substances that were discharged into the environment accountable for the cleanup. A drinking water system that removes PFAS from source water and then must dispose of the PFAS-laden media could be treated as a PFAS polluter if the disposal sites become subject to CERCLA cleanup. This would force local ratepayers to cover the cost of the cleanup bill after already paying for the removal of the contaminants from the water.

This potential liability would create an undue burden for the Authority and its ratepayers; therefore, I am requesting that the Board approve sending the resolution of support to Erie County's federal delegation to the United States Senate and the United States House of Representatives.

A resolution of support for the passage of the Water Systems PFAS Liability Protection Act has been included for your consideration at the meeting of May 23, 2024.
