

# ERIE COUNTY WATER AUTHORITY

## INTEROFFICE MEMORANDUM

March 15, 2019

To: Terrence D. McCracken, Secretary to the Authority

From: Leonard F. Kowalski, Senior Distribution Engineer

Subject: Contract GP-008  
Water System Improvements  
Town of Hamburg and West Seneca  
City of Lackawanna  
ECWA Project No. 201900076

---

The following material is attached:

- Blue Authorization Form for Risk Manager and Legal Department approval. The Blue Authorization Form is requesting Board Authorization to execute the attached Professional Service Contract.
- Professional Service Contract for the above referenced project (2 copies) for execution by Chairman.
- Copy of Interoffice Memorandum from Russell J. Stoll, Executive Engineer, dated February 27, 2019, detailing recommendations for individual contract assignments after review of Request for Proposals for Waterline Replacement Projects 2019-2020.

Contract GP-008 will consist of the design and construction of approximately 8,600 linear feet of new distribution waterline on multiple streets with leak histories in the Towns of Hamburg and West Seneca and the City of Lackawanna. The project will consist of the replacement of existing waterline on Monroe Avenue (from Scranton to the dead end), on Jefferson Avenue (from Scranton to the dead end), and on Lakeview Avenue (from Burke to 2180 Lakeview) in the Town of Hamburg, on Shirley Drive (from western connection of Berg Road to 110 Shirley) in the Town of West Seneca, and on Electric Avenue (from Roland to Warsaw), and on Clay Street (from Center to the dead end) in the City of Lackawanna. The existing waterlines will be abandoned in place. The sizes and types of the new waterlines will be determined as a part of the design project but will be a minimum 8-inch diameter. A creek crossing is expected on Electric Avenue within the project limits intersection (by bridge suspension, boring, or horizontal directional drilling).
