

ERIE COUNTY WATER AUTHORITY

Open Meetings Law

Policy & Procedures for Accessing Public Meetings

Section 1: Public Declaration

The Erie County Water Authority (the “Authority”) pledges to the public and its customers to operate in an open and transparent manner, by inviting the public and the media to attend and listen to the deliberations, discussions, and decisions of its Board of Commissioners.

The Authority’s board and committee meetings are the public setting in which Commissioners exercise their duties. It is during these meetings that the public can best observe the Commissioners’ performance of their governance responsibilities, their exercise of management oversight, and their decision-making regarding the Authority’s finances and operations. The better informed, engaged and mission-oriented the Commissioners are, the more likely the Authority will operate consistent with its stated purpose, policies and legal obligations.

These procedures are adopted to allow the public, individually and collectively as represented by a free press, to have access to the public records and meetings of the Authority, in accordance with the provisions of Article 7 of the Public Officers Law.

Section 2: Definition.

These procedures should be read together with Article 7 of the Public Officers Law, which provides additional information about access to records and meetings and when a meeting may be closed to the public and held in executive session. Any conflict governing the access to meetings and records will be construed in favor of the broader access to such meetings and records.
